

N₂O Stakeholders Meeting

The staff of the California Air Resources Board invites you to participate in a meeting to discuss research activities being developed to better understand greenhouse gas emissions from the application of nitrogen fertilizer in California.

The purpose of the meeting is to receive updates and discuss the three research proposals being funded by ARB, CDFA and CEC. This is a continuing effort to coordinate research with state agencies, academia, and industry and receive input on proposed research for improving our understanding of N₂O emissions associated with fertilizer use in California.

The meeting will be held by phone conference at the date, time and number shown below. For those attending in person, the meeting will be held at ARB headquarters, 1001 I Street, Sacramento, in Conference Room 710. Please arrive by 9:45 AM to allow time for check-in at the Visitor Center and escort to the meeting.

DATE: Monday, May 17, 2010
TIME: 10:00 AM to 12:00 noon
